

# The Diversity, Equity and Inclusion (DEI) Trojan Horse

## Diversity, Equity and Inclusion

*"Nice" Words that  
Sound Good  
But . . .*

- They are a subtle deadly poison that infects the organs of society attacking traditional American values
- They poison the heart and soul of our military—the warrior ethos
- They degrade military trust and confidence in each other and their leadership

## Marxism is Hidden Inside This Trojan Horse of DEI:

- Puts people into identity groups based on race, gender, ethnicity, sex orientation, etc
- Pits them against each other as oppressed vs oppressors

- Creates distrust, disunity, division and conflict
