ABILITY NOT APPEARANCE | UNITY NOT DIVISION | SERVICE NOT SELF

E Pluribus Unum—Unity is America's Strength

Stand Together Against Racism and Radicalism in the Services (STARRS)

STARRS is an organization of retired military members and patriots who educate our fellow Americans on the dangers of the racist, radical and divisive CRT/DEI Marxist ideology infiltrating our military. We work toward eliminating these divisive influences to maintain a unified and cohesive fighting force, one based on MERIT and ability, not appearances or labels.

WHAT STARRS DOES:

- We **STAND** against the CRT/DEI/Woke agenda in the US military and its Service Academies
- We educate on the dangers of this racist and radical ideology in the military
- We monitor the CRT/DEI/Woke agenda in the DoD through our website (STARRS.US) & social media (@StarrsMission)
- We seek the truth of what is happening in the military through FOIAs
- We hold accountable the Academies and Services when they push this radical agenda
- We speak Truth to Power . . . Hard Truths
- We write articles and policy papers alerting people to this harmful agenda
- We work with Congress and Panels to provide knowledge and ideas to combat the problem
- We help like-minded organizations and media to get out the truth
- We provide a network and listening ear to cadets, service members, veterans and families who are sick of this ideology being forced on them and worried about the future of our country. If you feel this way too, *know that you are not alone!*
