Subject: Urgent Request to Speak to AOG BOD

Ladies and Gentlemen,

We the undersigned request that you allow us to speak to you at your next meeting of the Air Force Academy Association of Graduates Board of Directors, scheduled for May 12, 2023. We understand there is room on the agenda, and there are no items scheduled yet under "New Business."

We wish to discuss with you at that meeting (1) how the AOG BOD is failing to comply with its Articles of Incorporation and Bylaws and (2) possible changes to the AOG's Articles of Incorporation and Bylaws if appropriate actions are not taken by the AOG BOD.

We are sending this request to the AOG BOD members listed on the AOG website. Please send this request to any new BOD members not listed above.

This letter includes a list of graduates, to include many younger graduates, who endorse this effort, representing flag officers, doctors, lawyers, an astronaut, professors,

business leaders, and a former Air Force Chief of Chaplains among other professions—well over a hundred in a day and a half.

NOTE: Nongraduate faculty member, Roger Gallington, Department of Aeronautics, '71-'75 and '78-'81, asked to be listed to show his support for the effort.

If we need more signatures to underscore the importance of this issue, please let us know. We allotted ourselves less than a day and a half to solicit the names above (this updated letter adds names that continued to accumulate after our initial notice) and are confident that with more time we can obtain hundreds, and possibly thousands more.
